

OUR COMMITMENT

Criteo is committed to continuous improvement and generating a positive impact across all areas of CSR, prioritizing environmental sustainability and DEI, while maintaining ethics as a fundamental cornerstone. Together with our employees, partners, clients, and consumers, we can shape our future growth and define the value we want to create for society.

In 2024, we are proud to have concretized many of our **Environmental Social Governance (ESG)** targets and received the **EcoVadis Silver Medal for the second consecutive year with an overall score of 68/100**.

E ENVIRONMENT

We are reimagining our business practices to build a sustainable future for all while reducing our environmental footprint. Our commitment to environmental sustainability influences our decision-making, shapes our behaviors, and impacts the experiences of our stakeholders.

S SOCIAL

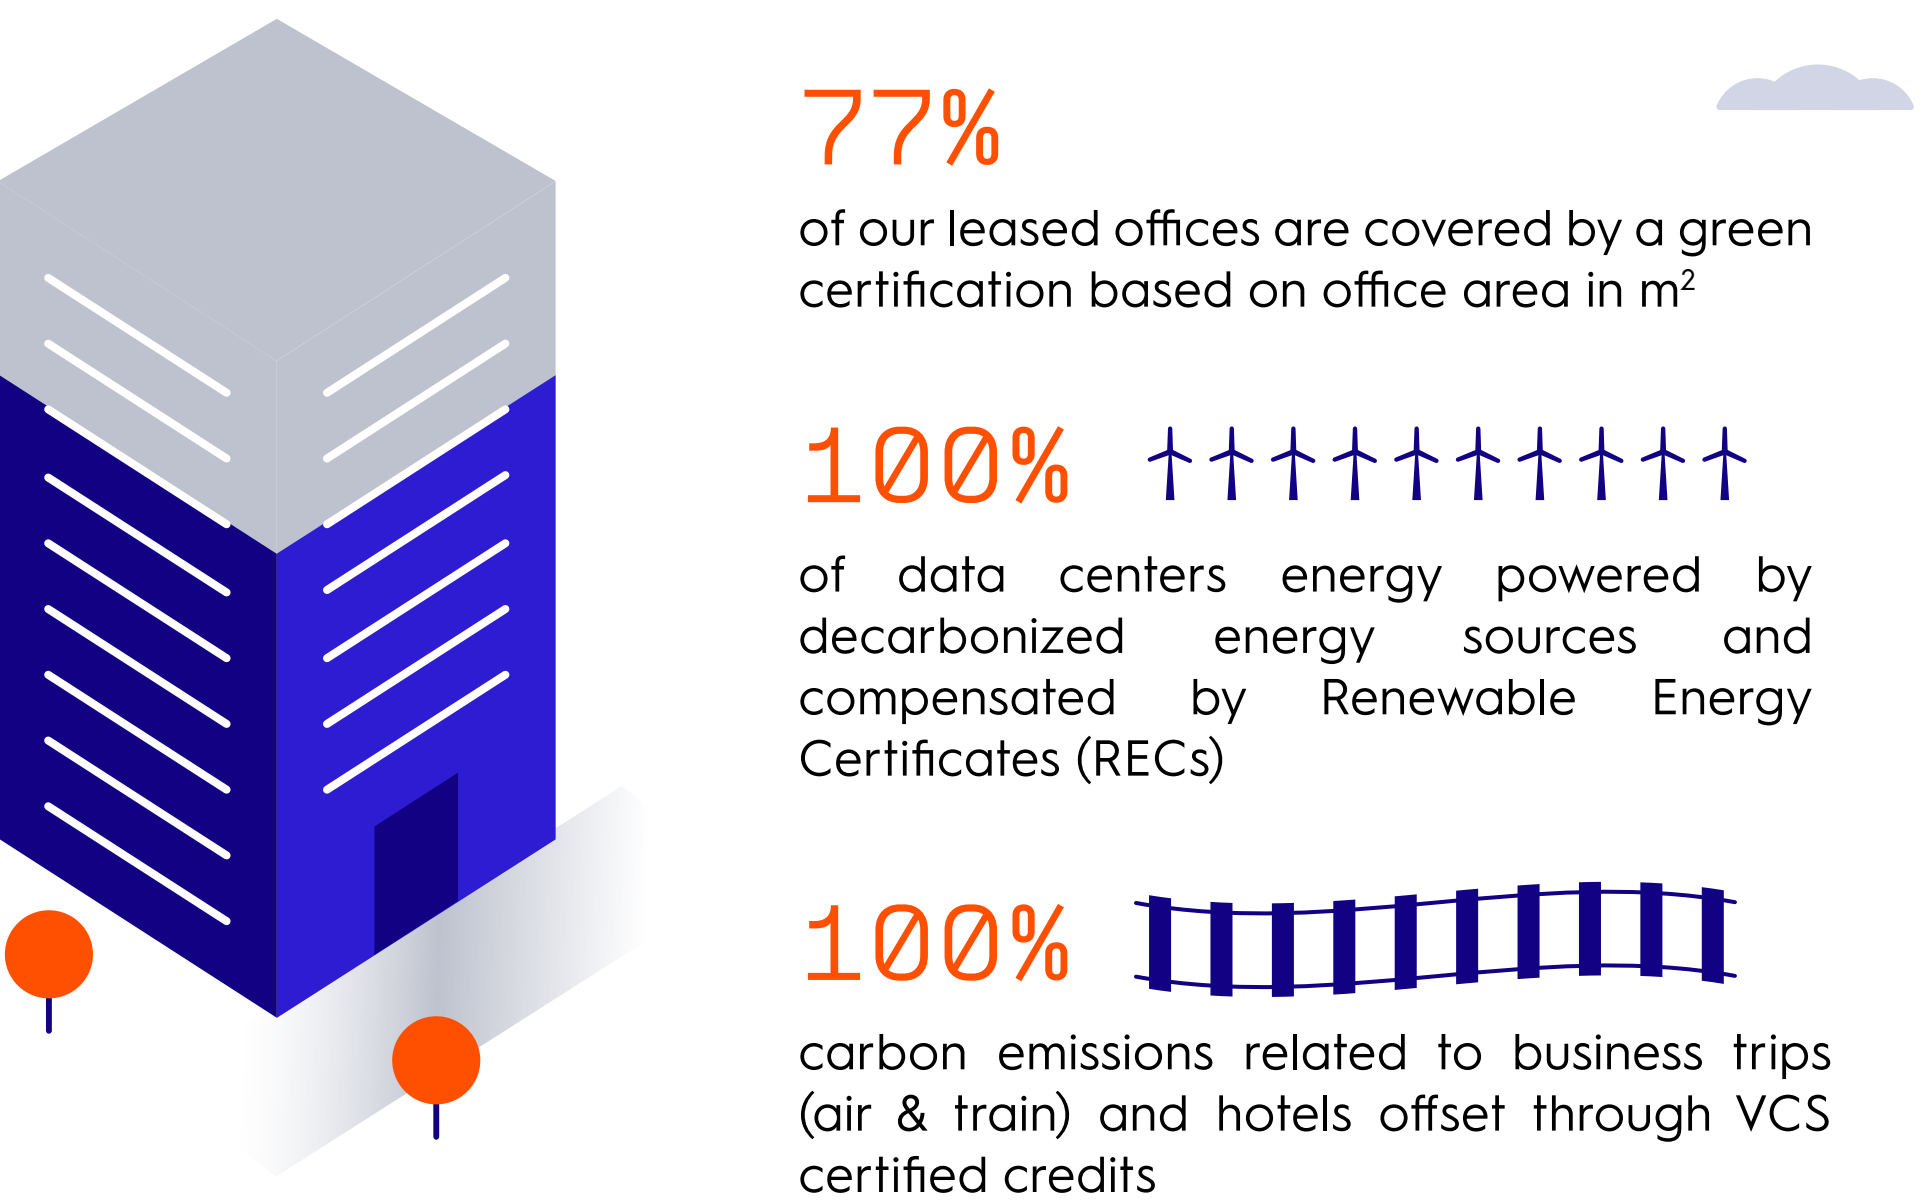

Our commitment to Diversity, Equity, and Inclusion (“DEI”) is reflected in everything we do at Criteo, including how we work, how we treat each other, and the impact we have on our clients, partners, and the consumers we serve. Our initiatives are conducted by our DEI team and supported by seven of our Employee Resource Groups (“ERGs”).

G GOVERNANCE

We set up a Sustainability Committee in charge of overseeing Criteo's sustainability strategy which meets each quarter. This internal committee is chaired by our Chief People Officer and is made of a mix of internal senior stakeholders with strong sustainability commitments. They come from various departments with different knowledge, policy expertise, and strategic insights.
